Resource scarcity makes learning difficult for some K-12 students

Students and teachers across the Oshkosh Area School District are adapting to at-home learning, but opportunity gaps have caused some students to have a more difficult time adjusting than others.

Karofsky defeats Kelly; People put ‘a middle finger’ up for GOP

In a chaotic and controversial spring election, liberal judge Jill Karofsky defeated conservative incumbent Daniel Kelly by a 10.6% margin to claim a seat on the state Supreme Court bench.

Karofsky’s win narrows the conservative majority on the court from 5-2 to 4-3. Beyond her victory, former Vice President Joe Biden defeated Sen. Bernie Sanders in the democratic presidential primary race and hundreds of down-ballot positions were filled.

Locally, three seats on the Oshkosh Common Council were filled, along with two seats on the school board and one on the Winnebago County Board of Supervisors.

Oshkosh Avenue bridge project still on target

While businesses and places everywhere are closing due to COVID-19, the Oshkosh Avenue Bridge rehabilitation project has been minimally affected, according to project manager Kurt Peters.

UWO wrestlers break down weight-cutting process

Reducing one’s body weight by up to 10% in just a few days may sound absurd to the average individual, but wrestlers across the country practice cutting weight rather routinely by the time their season rolls around.

With collegiate weight classes ranging everywhere from 125 pounds to 285 pounds, cutting is a practice that every wrestler has to make in order to achieve an optimal weight before a competition. Funds to students for housing and food contracts are predicted to cost UW Oshkosh about \$5 million, according to Chancellor Andrew Leavitt.

How to get an internship in a tough economy

As COVID-19 has taught everyone, anything can happen, including a virus that can shut down the majority of the world seemingly overnight and put the economy in a tailspin.

While there is a lot of uncertainty in this world now, there are a few things that you can do to find an internship or job in hard times.

Bitter coffee with spoiled Kareem

“Coffee & Kareem” is the latest comedy film from Netflix. Its linchpin aspect is Ed Helms, who I’ve rarely found funny, he usually comes off as blunderous and annoying in most of his films or television shows.

Personal experience with social distancing

When classes got canceled and UWO students were given a two-week spring break, I honestly did not take social distancing as seriously as I should have. At that point, I was still planning on taking my spring break trip and seeing my friends.

But before the actual trip was to begin, my friends and I decided that it was not the smartest move to travel. And that was when it truly hit me: this pandemic is a larger issue than just myself.
